As per the problem statement, this are the snapshots of some outputs-

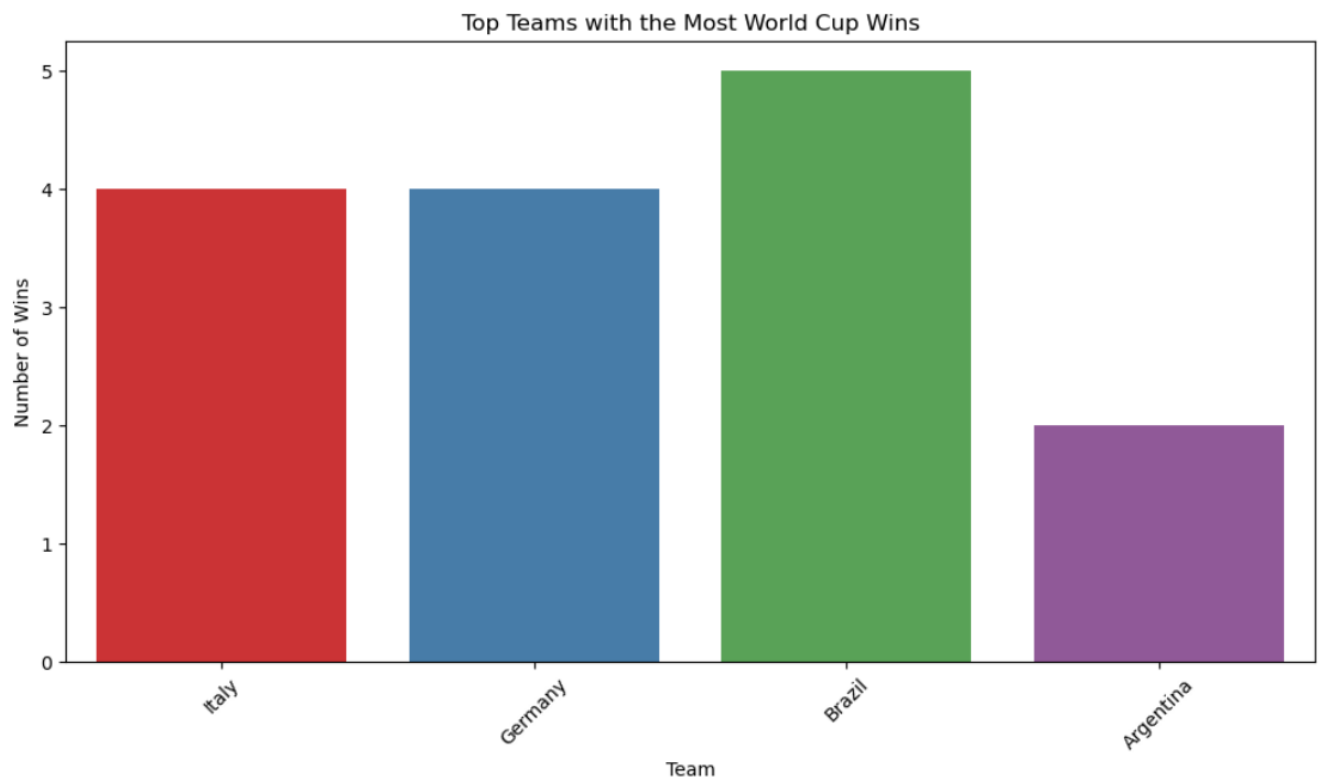

1. Performance of the Countries (List of Qualified Countries)

In this section we designed our first dashboard and tried to interpret the followings

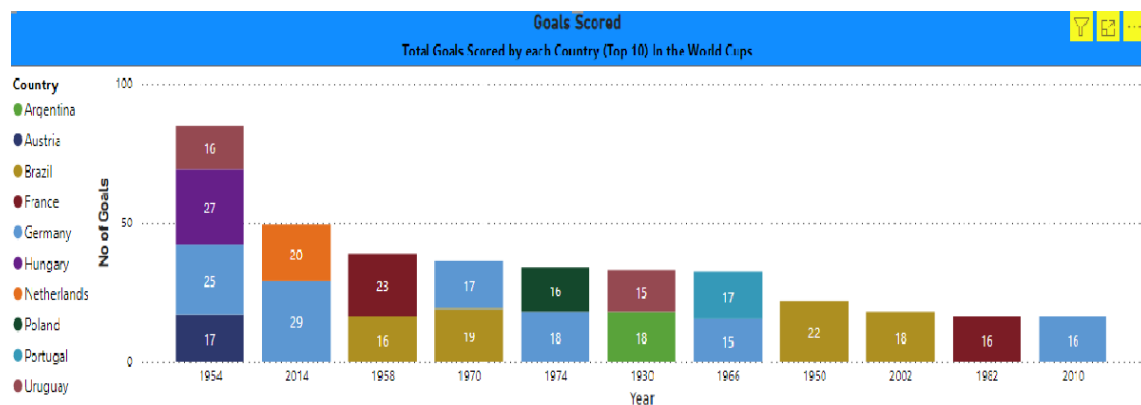

■ No of Teams qualified for World Cup

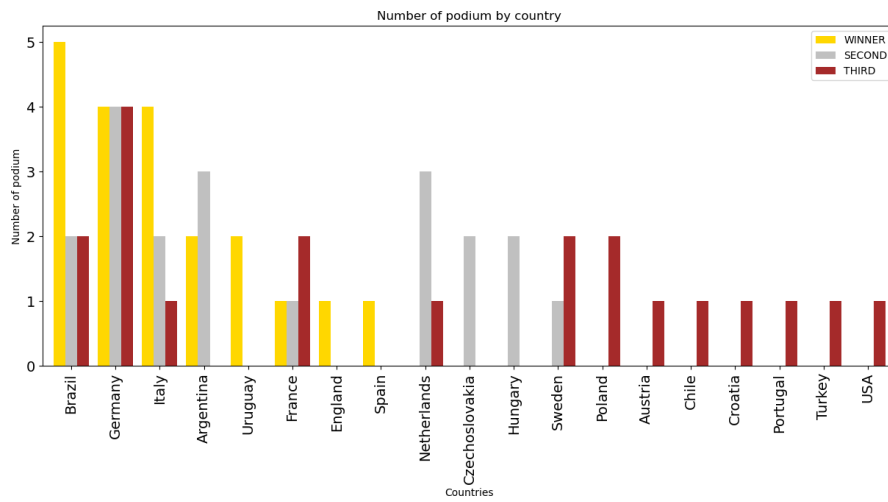

Teams with most wins in world cup

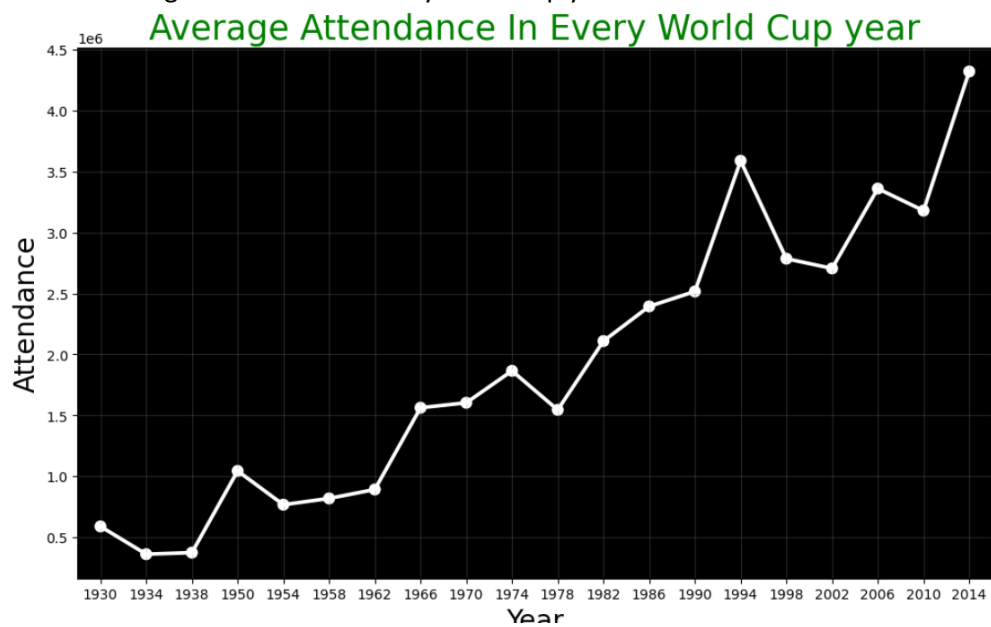

■ Most Goals Scored By the Countries

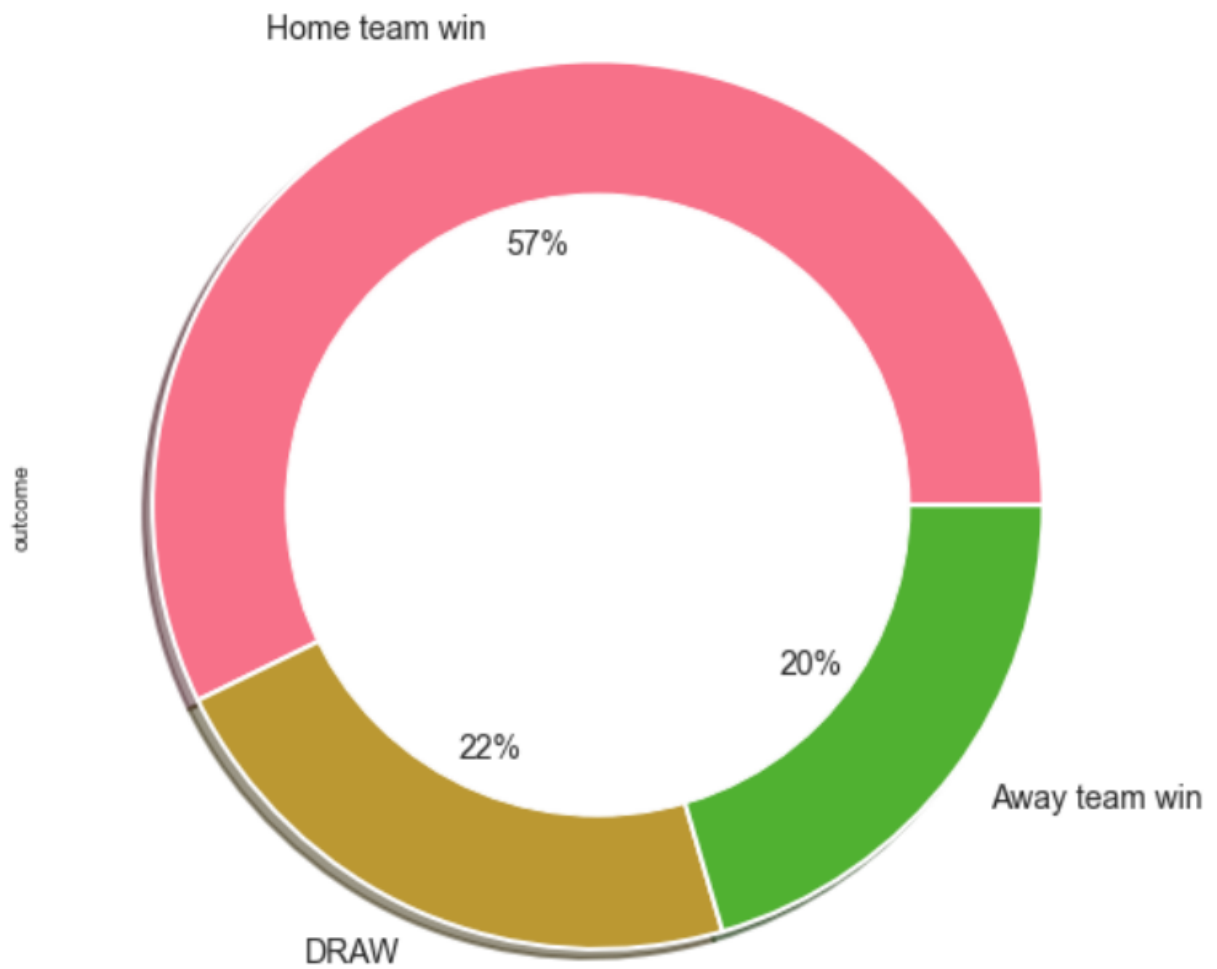

No of Podiums

■ Average attendance in every world cup year

Match outcomes by home and away teams

World Cup Final results by nation
